

## Presidential Message

Dear FAP Members,

I want to personally welcome you to my last meeting as your FAP President, February 7-8, 2020, in Orlando.

I am excited about all the great lecturers and presentations that we have put together to help you be a more successful periodontist in this new era of dentistry where we are facing many unforeseen changes that are slowly deteriorating the way we all love to practice what we love – Periodontics.

As I promised to you when I took charge as your FAP President, I have looked to enrich our specialty of Periodontics by increasing the awareness to all the main core values of what does it mean to be a Periodontist and why our specialty is the most important pillar of dentistry.

We will begin our journey on Friday morning with Dr. Kenneth Kornman, who co-authored the World Workshop paper on classification of periodontitis published in Journal of Periodontology 2018. He will guide us to understand and apply the new and improved classifications of Periodontal Disease. Moving forward, the 1999 Armitage classification will no longer be valid when diagnosing our patient's periodontal status. During his two-hour lecture you will have the chance to ask him questions and apply all the new concepts.

Florida has two outstanding Perio programs with alert and savvy residents. I invite you to learn many new methods and techniques from the 3rd year periodontology residents as they present their well-documented and enriched research and clinical cases. You will be surprised at all the great ideas and pearls you will take home.

Inviting your referring dentists with your office is an integral part of maintaining the unity and transition of your patients. Dr. Alfonso Piñeyro is presenting "What to Expect from Your Referring Dentists" and will share with you, your team, and referring dentists his research, vision, and ideas on how to have a smooth transition from a dentate to edentulous patient with dental implants.

During this session, you will also have the privilege as an FAP member to act on two resolutions that your FAP Executive Council feels strongly about. The main core of the resolutions is to continue to make our FAP a strong and long-lasting association (see pages 8-9).

*(continued on page 2)*

# 2020 Winter Meeting

RESERVE YOUR ROOM SOON – ROOM BLOCK EXPIRES JANUARY 14TH!

February 7-8, 2020  
WALT DISNEY DOLPHIN RESORT

## AAP Trustee Report

Submitted by Dr. Robert Churney, District III Trustee

The American Academy of Periodontology's 2019 Annual Meeting was a success thanks to you, our members. Attendance was high and the meeting received great reviews. In 2020, beautiful Honolulu, Hawaii is the destination for the AAP's 106th Annual Meeting, October 31-November 3rd. You can already register for this meeting by visiting, [www.perio.org](http://www.perio.org). Save the date now and make plans to join your fellow periodontists in this paradise location.

Elections for 2020 (not those) will be here before you know it and look to the AAP website, your email, and mailers with information concerning members running for positions such as trustee and board officers.

If any member has a concern, please don't hesitate to contact your District 3 Florida Trustees, John Russo or myself.

*Don't forget to register and reserve for the  
Winter Meeting. Room block expires, January 14th!  
Support Your State Speciality Association.*

# 2020 Winter Meeting - Registration form on page 5, speaker bios on page 10.

## Friday, February 7

AN FAP MEMBER BENEFIT – Attend this at no cost!

### Dr. Kenneth Kornman – The New Classification of Periodontitis: Why Are We Changing, and How Do I Get Started with the New Classification?

10:00am-12:00pm – 2 CEUs

The future of periodontics is primarily about managing clinically and biologically complex patients, which constitute at least 20 to 25% of our adult population. Based on knowledge at the time of the 1999 World Workshop on Classification of Periodontal Diseases, experts in the field described an approach for classifying periodontitis based almost entirely on past severity of disease. In the two decades since the 1999 Workshop, substantial new evidence and new understandings of these diseases have emerged that indicate some of the population develops more severe clinical expression of periodontitis. Evidence supports an interaction of multiple risk factors that translates periodontitis in some of our patients into severe disease with greater complexity of clinical management.

The new periodontitis classification acknowledges the importance of more than disease severity to best guide prevention and treatment of periodontal disease in our patients. Achievement of long-term oral and systemic health outcomes in the complex cases require specialty-level diagnostic and surgical skills, informed by deep knowledge and concepts defined in the 2018 reclassification of periodontitis and the new classification of peri-implant diseases and conditions.

This presentation will describe the rationale for why our periodontitis classification system needed to change, and how to identify patients who present with complex cases. By definition, each complex case must be defined at the individual patient level, and the treatment planning inherently involves precision management of the individual patient. Importantly, the new periodontics should define a new role for the periodontist in the dental and medical care systems of today and the future.

Take a lunch break from 12:00pm-1:30pm and come back for....

### 15<sup>th</sup> Annual Senior Residents' Day

1:30pm-5:00pm 3.5 CEUs

Nova Southeastern University/University of Florida

You are invited to attend and support the NSU/UF Senior Residents as they present their case studies. An interesting and informative afternoon. An FAP tradition and member benefit!

AN FAP MEMBER BENEFIT – Attend these presentations at no cost!  
Residents case study titles on page 7.

## Saturday, February 8

**Corporate Forums** – Visit FAP website for more information.  
8:00am-8:45am – 1 CEU each

### Dr. Alfonso Piñeyro – What to Expect From Your Referring Dentists

9:00am-4:00pm – 5 CEUs

Register your dental team members/referring dentists!

As specialists, periodontists are considered to be an authority in Implant Dentistry. Referring dentists will trust your opinions, seek your advice, and ask for your help in delicate situations. In order to provide them with this assistance, it is important to have an advanced knowledge in many restorative procedures. Many complications and failures can be associated with the restorative treatment that was prescribed. An intimate understanding of proper restorative procedures is needed to help avoid costly complications and failures. This lecture will discuss topics that most clinicians deal with every day and that are very rarely discussed. We will give solutions that will be practical, can be used on Monday morning and no additional cost is needed to implement. Protocols will be discussed that will help make restoring full arch or single-unit implant restorations more predictable, more profitable and more enjoyable.

#### Highlights:

1. The top ten complications with Hybrid (Full Arch) Restorations: How to avoid them.
2. Radiographic assessment of implant restorations. Learn how to identify what type of restorations the patient has when they walk thought the door.
3. Material selection for single and multiple unit restorations, protocols and procedures.
4. Has this restoration been fully seated? Avoid unseated restorations, there is only one way to know for sure.
5. Why does my implant smell? Learn how to avoid this and how to potentially avoid future biologic complications.
6. The dental laboratory and peri-implantitis: Learn about this important connection.

FAP

## Special Disney Ticket Pricing for Meeting Attendees

Disney Destinations has created a custom Disney Microsite that will enable FAP meeting attendees to individually purchase specially priced Disney Tickets. This site also provides helpful planning information for those guests planning to visit Walt Disney World prior to, during or following the meeting. The following documents provide more information about the site and meeting and convention tickets. This pricing expires on **February 5, 2020**. Go to the FAP Homepage for more info and a link for discounts: [www.floridaperio.org](http://www.floridaperio.org)

# 2019 Summer Meeting Review

Thank you to all who came out and attended the 2019 FAP Summer Meeting, August 9-10, in Orlando. It was a great meeting, and clinicians included, Shaun Fix, EMT-P, who presented “Emergency Airway Management for Dental Professionals” and, Dr. Robert Vogel, who lectured on “Precision, Predictability, and Profitability of Implant Dentistry through a Team Approach.” Dr. Vogel was sponsored by Staumann Dental. Attendees also enjoyed four corporate forums presented by: Fotona Ultra Performance Lasers, Geistlich Biomaterials, Perio Protect, and Straumann Dental.

There were 154 attendees at Dr. Vogel’s course, this number includes 11 referring dentists and 33 dental team members.

The FAP appreciates and thanks the 22 exhibitors that participated at the meeting.

*Dr. Rodrigo Romano, FAP President, addresses membership at the business meeting.*

*Dr. Robert Vogel's lecture was well attended.*

## Welcome new FAP Members:

Dr. Jeffrey Barzyk  
Dr. Maria Bernal  
Dr. Aixa Guzman  
Dr. Claire Little  
Dr. Bianca Newman  
Dr. Jose R. Perez  
Dr. Wagner Rodrigues-Duarte  
Dr. Shalia Santana  
Dr. Karin Schey  
Dr. Isis Sosa  
Dr. Ralee Spooner  
Dr. Lisa Turner

*Dr. Rodrigo Romano relaxes after the first day of the FAP meeting.*

*Dr. Jessica Stillely Mallah, FAP President Elect, and Dr. Mathew Waite.*

*Dr. Wagner Rodrigues Duarte, UF Graduate Program Director, and a few of the UF Perio Residents.*

*Dr. Jared Krueger and Melinda Johnson.*

***If you have not attended an FAP meeting in a while, please consider doing so this February. Over 10 hours of continuing education is available at NO COST to FAP Members! Biennium ends on February 28, 2020 – this CE will count towards your license renewal.***

# FAP 2020 WINTER MEETING - REGISTRATION FORM

February 7-8, 2020 • Walt Disney Dolphin Resort

Name \_\_\_\_\_ Email \_\_\_\_\_

# 15th Annual UF/NSU Residents Presentations

## Outstanding Lectures – Earn CE

Join the University of Florida and Nova Southeastern University senior residents as they present their case studies on Friday, February 7, 2020, 1:30 p.m. – 5:00 p.m. This annual event is held in conjunction with the FAP Winter Meeting at the Walt Disney Dolphin Resort. Plan to attend, earn CE at no cost, and show your support of these programs and residents.

*Please note, the titles of the following presentations may slightly change.*

### Presenting from the University of Florida:

- Dr. Abeer Hakam      *The Effects of Different Types of Antidepressants on Dental Implant Failure: A Retrospective Clinical Study*  
Dr. Bruna Tanello      *Multi-center Retrospective Evaluation of Osseodensification to Optimize Implant Primary Stability*  
Dr. Charles Taylor, Jr.      *Soft Tissue Considerations around Natural Teeth and Dental Implants*

### Presenting from Nova Southeastern University:

- Dr. Iveliss Rodriguez      *The Importance of Keratinized Tissue for Implant Health*  
Dr. Lauren Steinberg      *Achieving Harmonious Smile with Esthetic Crown Lengthening*  
Dr. Stavros Sofos      *Management of Difficult Implant Cases in Anterior Region*  
Dr. Nathalie Rivero      *GBR in Atrophic Maxilla and Posterior Mandible*  
Dr. Gabriella Ambrose      *Treatment Strategies of Multiple Recession Defects*

*3.5 hours of free CE!*

FAP

The banner features the Florida Dental Association (FDA) logo and the FLA-MOM (Mission of Mercy) logo. It includes the text: "Join us in Jacksonville at the Prime F. Osborn Convention Center. With a goal of treating 2,000 patients, FLA-MOM seeks to have a positive impact on Northeast Florida." There are two photographs: one of a dentist performing a procedure and another of three people smiling. The bottom of the banner features a colorful city skyline graphic and the text: "APRIL 24-25 PREREGISTER AT FLAMOM.ORG JACKSONVILLE 2020 FLA-MOM".

# Important Information

The following resolutions/FAP Bylaws changes will be considered at the FAP Business Meeting on Saturday, February 8, 2020 held in conjunction with the 2020 FAP Winter Meeting at the Walt Disney World Dolphin Resort.

Date: February 8, 2020

Submitted by: Florida Association of Periodontists Executive Council

## FAP FISCAL YEAR 2021 BUDGET

RECOMMENDATION: The following resolution is submitted for the voting members of the Florida Academy of Periodontists (FAP) consideration:

BE IT RESOLVED, that the Florida Academy of Periodontist's (FAP) Fiscal Year 2020 budget as amended, is hereby adopted. And, be it further RESOLVED, that the FAP membership 2021 calendar-year dues for full-dues paying members be increased \$55.00 from the \$195.00 current 2020 calendar-year dues level.

RESOLVED, Dues will be \$250.00 starting in 2021

### BACKGROUND:

Since 2010, the Florida Association of Periodontists has not increased their membership dues. Unfortunately, venue costs; food, beverage and audio-visual, continue to rise. The FAP does not charge its active members a meeting registration fee for its two-yearly meetings.

The Florida Association of Periodontists Executive Council had ample discussion on the topic and in order to stay financially healthy a \$55 increase is recommended.

The FAP dues increase budget for next fiscal year (FY 2021) needs to be approved by eligible voting members of FAP present at the February 8, 2020 business meeting, held in conjunction with the FAP Winter Meeting, February 7-8, 2020, Disney Dolphin Resort.

According to FAP Bylaws:

### CHAPTER V FEES, DUES AND FISCAL MATTERS

#### Section 1

#### Fees and Dues

(a) Active Members

The initiation fee shall be \$50.00. The annual dues shall be determined by the Executive Council and voted on by the General Membership.

## FAP Bylaws Change:

RECOMMENDATION: The following resolution is submitted for the voting members of the Florida Academy of Periodontist's (FAP) consideration:

BE IT RESOLVED, that the Florida Academy of Periodontist's (FAP) Treasurer no longer serves as a line officer. And, be it further

RESOLVED, the FAP Treasurer will be a separate executive council member for a three-year term with a limit of two terms. And, be it further

RESOLVED, that at the end of the term, the FAP Treasurer has the option to pursue or not the FAP officer line as First Member at Large.

### BACKGROUND:

Within an organization, the continuity of certain positions provides vision, strength, and further wisdom that may aide the growth of the organization by being able to foresee and resolve upcoming issues. The Treasurer is a valuable position that may provide continuity, strength, and vision.

The current FAP Bylaws does not allow an appointed volunteer member to maintain the Treasurer position for more than one year. During this year, this appointed volunteer must learn how to manage and aide on the budget preparation, get acquainted with the FAP Financial institutions, and be able to provide reports for our Executive council meetings and 2-yearly membership venues.

The Florida Association of Periodontists Executive Council has proposed that the Florida Association of Periodontists Treasurer; in order to assist with ease of administrative duties and to assure consistency in overseeing the crucial and responsible position of Treasurer, serves a three-year term, with a limit of two terms. Upon completion of the term or terms, the Treasurer has the option of electing to become a line officer by entering the Florida Association of Periodontists Executive line as First Member at Large, with the approval of the Florida Association of Periodontists Executive Council and a final approval by the members of the Florida Association of Periodontists.

The By-Laws change needs to be approved by eligible voting members of Florida Association of Periodontists present at the February 8, 2020 business meeting, held in conjunction with the FAP Winter Meeting, February 7-8, 2020, Disney Dolphin Resort.

## ARTICLE V – MANAGEMENT

The affairs of the Association shall be managed by a Board of Directors to be known as the Executive Council and composed of the President, President Elect, Secretary/~~Treasurer~~, Immediate Past President, ~~and~~ two Members-at-Large, and Treasurer, all ~~elected~~ approved by and from the membership. The Officers and Members at Large shall be ~~elected~~ approved at the annual meeting of the membership.

### CHAPTER III EXECUTIVE COUNCIL

#### Section 1 Name and Composition

The administrative body of this Association shall be the Executive Council which shall be composed of the President, President Elect, Secretary, ~~Treasurer~~, Immediate Past President, ~~and~~ two Members at Large, and Treasurer, all ~~elected~~ approved by and from the membership. The Officers and Members at Large shall be ~~elected~~ approved at the first business meeting of the calendar year.

#### Section 2 Term of Office

The Officers of this Association serving on the Executive Council shall serve in such capacity as long as they hold their respective offices in the Association. The elected members shall serve for a term of one year. No elected members shall serve two consecutive terms, with the exception of the FAP Treasurer that will be a separate executive council member for a three-year term with a limit of two terms that at the end of the term, the FAP Treasurer has the option to pursue, or not, the FAP officer line as First Member at Large with the approval of the FAP Executive Council and final approval by FAP membership.

### CHAPTER IV ELECTIVE OFFICERS

#### Section 1 Name and Number

The elective officers of this Association shall be a President, a President Elect, a Secretary/~~Treasurer~~, a First Member at Large, a Second Member-at-Large, ~~and~~ an Immediate Past President, and a Treasurer.

#### Section 2 Term of Office

All elective officers shall hold office from the Annual Meeting at which they were elected until the following Annual Meeting when their successors are duly elected and installed. The Treasurer shall serve a three-year term, limited to two terms.

#### Section 3 Nomination and Election

Elective officers shall be nominated by the Executive Council or from the floor by any member. The Executive Council shall encourage the membership to consider geographical rotation when nominating members for elective office. Elections will be conducted during the first business meeting of the calendar year. The Treasurer shall be appointed by the Executive Council and approved by membership.

#### Section 5 Duties

##### (c) Secretary/~~Treasurer~~:

The Secretary/~~Treasurer~~ shall maintain accurate records of all meetings of the Association and the Executive Council and preserve the Minutes of such meetings with assistance from the Executive Director. ~~He/She shall serve as custodian of all monies and financial assets of the Association and shall hold, invest, or disburse same subject to the direction of the Executive Council. He/She~~ The Secretary shall perform such other duties as are assigned by these Bylaws, the Executive Council, or Membership.

##### d) Treasurer:

The Treasurer shall, with the assistance of the Executive Director,

- 1) deposit all funds due this Association in banking institutions, or institutions approved by the Executive Council;
- 2) be accountable to the Executive Council and to the Association, and at such times as ordered, give an accounting to either body
- 3) sign all checks in order to pay all approved bills;
- 4) remit all records, forms and physical assets of this association to a successor within thirty (30) days following the installation of a successor;
- 5) be a non-voting member of the Executive Council;
- 6) be a Liaison to the Investment Committee and FAP PerioPac

## 2020 Winter Meeting Speaker Bios

### Dr. Alfonso Piñeyro

Dr. Alfonso Piñeyro received his dental degree from the Universidad Autonoma de Guadalajara. He then completed a two-year advanced education in general dentistry before completing his specialist training in prosthodontics at the University of Rochester Eastman Dental Center.

He is currently an affiliate instructor at the Department of Restorative Dentistry at the University of Washington. He is a past president of the esteemed Washington State Society of Prosthodontists and is also a member of the American College of Prosthodontists and the American Prosthodontics Society.

Dr. Piñeyro has authored several publications in peer reviewed dental journals and chapters in textbooks. He is currently involved in research focusing on dental implants and has developed a set of unique instruments used for implant hygiene and maintenance. Dr. Piñeyro practices full time in the Seattle, Washington area, in a practice limited to fixed implant prosthodontics.

He has lectured both nationally and internationally and has presented over 300 lectures for multiple dental study clubs and dental associations. He has been invited to speak to large national dental symposiums which include: Seattle Study Club Symposium, American Academy of Periodontology, American Academy of Implant Dentistry, American Academy of Fixed Prosthodontics, Academy of Osseointegration, American College of Prosthodontists, Academy of LDS Dentists, and The 12th International Symposium on Periodontics and Restorative Dentistry.

### Dr. Kenneth Kornman

Dr. Kenneth Kornman is an Adjunct Professor in the Department of Periodontics and Oral Medicine at the University of Michigan School of Dentistry, Editor of the Journal of Periodontology, and a member of the management team of SITOKINE Ltd, a London based genetics company focused on prevention of major cardiovascular disease events and certain types of cancer.

He was previously the Chairman of Periodontics and Professor of Microbiology at University of Texas Health Science Center at San Antonio. His research focuses on genetics of chronic inflammatory diseases as it relates to predisposition and treatment. He has published more than 150 original manuscripts, including papers in Science, The New England Journal of Medicine, Journal of the American College of Cardiology, Human Molecular Genetics, and numerous papers in the periodontal journals.

Dr. Kornman, together with Maurizio Tonetti and Henry Greenwell, authored the World Workshop paper on classification of periodontitis published in Journal of Periodontology 2018.

His mentors were Harald Loe, Sig Ramfjord, and Walter Loesche.
